HEALTHVISIONS MIDWEST

Sponsored by the Poor Handmaids of Jesus Christ and embracing their values of Openness to the Spirit, Community, Simplicity and Dignity and Respect for all...

Health Visions Midwest is a faith-based community health organization that works within local communities served by Poor Handmaids of Jesus Christ or where called to with other partners. In the spirit of interdependence, mutuality and

cooperation using social justice principles, we strive to build health communities in pursuit of the following end:

## Health disparities will be reduced among the poor and underserved

- People are empowered to improve their own health
- The health of the communities for the poor and underserved is impacted through advocacy efforts and systemic changes
- Collaborating organizations are sought to strengthen the resource base in order to address health issues in local communities

## Our Vision

“Create **healthy communities** by empowering people to live a healthy life.”

## Key Components

- **Advocacy** — Provide a voice for the poor and underserved
- **Education/Facilitation** — Provide education and training of community teams and facilitation of partnerships and groups
- **Funding** — Identify sources of funding for action plans and community projects, where possible
- **Access** — Develop and implement projects that broaden primary care access
- **Management Support** — Provide planning and management services to community health organizations, including: Data Bases • Program Development • Managing Information Systems • Finance • Human Resources • Organizational Planning • Resource Identification and Development

## Programs & Services

Although all communities are different and needs will vary, Health Visions Midwest offers a full continuum of health programs and services, including:

- Older Adult Services
- Congregational Health Services
- Infant and Maternal Health
- Children's Health
- Health and Nutrition
- Environmental Health

## Our Mission

HealthVisions Midwest is a faith-based organization sponsored by the Poor Handmaids of Jesus Christ. Participating in the healing mission of Jesus, we respect the dignity of each person and give compassionate service.

We work in communities to:

- advocate for the poor and powerless
- nurture and foster leadership
- develop and facilitate partnerships
- address systemic community health needs
- advance environmental health

Rooted in faith and confidence in God, we welcome the challenges of improving the health status of the communities we serve.
